

OPPORTUNITY FOR COMPANIES TO BENEFIT FROM ENERGY, WATER AND RAW-MATERIAL EFFICIENCY AND WASTE MANAGEMENT PRACTICES.

Do you have a need for RECP assessments?

The CSIR (Council for Scientific and Industrial Research) would like to invite you to participate in the **National Resource Efficiency and Cleaner Production Internship Programme** for unemployed Graduates.

Join us in making a greener economy.....

Your company will benefit from:

1. Full RECP pre-assessment (water, energy, waste)
2. Development of an implementation programme
3. Monthly meetings to drive the implementation

Please note:

- Specific qualifying criteria apply.

To become part of this exciting program please email your contact detail to nbooyzen@deloitte.co.za.
